**Policy Statement
Preamble**

It is the right, the responsibility, and the privilege of University faculties to participate in the governance of their departments. Fundamentally, what is desirable and intended by the Department Policy Statement is to ensure meaningful participation by department faculties and procedural regularity within departments. It is understood that the ultimate power of decision making resides with the administration. This Policy Statement is one means by which the faculty of this department make recommendations to Western.

For any university department to function effectively, it is essential that its faculty members exercise their right to participate in the decision making process. Faculty do this by making recommendations on matters which affect the execution of their professional responsibilities. The competence to make such recommendations belongs principally to faculty members who are professionally active and uniquely aware of important issues in their field. Such participation in governance is especially important at the department level since decisions made at this level affect faculty and programs in the most direct way. To facilitate appropriate review and revision, it is recommended that the CELCIS Director schedule regular faculty meetings.

Accordingly, these policies and procedures have been prepared in accordance with the current Agreement between Western Michigan University and the WMU-AAUP Chapter. They will be reviewed and revised as needed by the CELCIS Unit Committee in accordance with the procedures for approval of department policy statements as outlined in Article 23 of the Western/WMU-AAUP Agreement.

 - B. Professional service in the line of knowledge and skills of the FS which constitute a resource to the University, the profession, and the community is desired.

- C. A term appointed Faculty Specialist I who has served a minimum of three years in rank is eligible and may apply for reappointment at the rank of Faculty Specialist II.

Teaching Assignments CELCIS

- I. Definitions
 - A. Overload class: A fourth class in CELCIS after all tenured FSs have been assigned three classes; a class in addition to the base three classes/15 credit hours of teaching as defined in the Western/WMU-AAUP Agreement, Article 20.4.5.
 - B. Off-session: Either Summer I Session or Summer II Session when an FS is not scheduled to teach as outlined in Section VI below.
 - C. Extra class: Any class or classes offered to FSs who are not regularly scheduled to teach in an off-session as outlined in Section VI of this policy statement.
- II. Guidelines
 - A. To add an overload class in any semester/session, the overload class list (see Appendix C) shall be followed. There are two such identical lists: One for all semesters and one for all sessions. Once an FS is asked to take an overload class, whether the response is positive or negative, his/her name shall be moved to the end of the list. This rotation shall continue throughout all semesters/sessions. When an FS is not eligible for an overload class, i.e. the FS already has a fourth/overload class, his/her name shall automatically go to the end of the list.
 - B. The date (semester/session) the FS is offered an overload class and his/her response (accept/decline) shall be posted prominently in the copy room in chart form for all to refer to. This will allow each FS to know when his/her turn is coming up.
 - C. Summer I/Summer II Session assignments shall follow the rotation as listed in the Summer I/Summer II Extra Class Off-Session assignment list (see Appendix D). Each FS scheduled to teach a given Summer I/Summer II Session shall be eligible to be offered an overload class assignment following the sequence of names in the Overload Class assignment list. Posting of this information shall occur as outlined in point B above.
 - D. Once all FSs scheduled to teach in a given Summer I/Summer II Session have been offered an overload class, the FSs not scheduled to teach that particular Summer I/Summer II Session shall be offered classes, one at a time, based on the Summer I/Summer II Extra Class Off-Session assignment list. Again, a separate record of this information shall be posted as outlined in point B above.
 - E. FSs switching Summer I/Summer II Session assignments shall assume the rotation position of the originally assigned FS for that session only. This system shall operate for the two FSs involved for the Summer I/Summer II Sessions for that year only. The following year shall revert back to the original schedule. Further changes may be made at that time.
 - F. It is recommended that CELCIS faculty on term appointments teach a maximum of 15 credit hours in their first semester. Teaching assignments for term appointed faculty should be appropriate to the level of teaching experience and area of expertise of the term-appointed faculty.

- III. Faculty Assignment Preference (in terms of number of classes)
 - A. During the CELCIS academic year and off-sessions, class assignment preferences are given to tenured CELCIS FSs. Not until the requests of the tenured FSs are fulfilled may other faculty be assigned one class or more.
 - B. Once all CELCIS tenured FSs class assignment requests for the CELCIS academic year and off-sessions have been fulfilled, preference is given to CELCIS tenure-track faculty.
 - C. Once all CELCIS tenured and tenure-track FSs class assignment requests for the CELCIS academic year and off-sessions have been fulfilled, preference is given to term faculty.
- IV. Class Assignment Procedures: The following is a set of procedures by which tenured FSs are assigned classes based on the guidelines outlined in Section II and Section III above.
