To Whom It May Concern:

We, the undersigned, benefitted from the WMU-AAUP during our working lives.

Our union protected our working conditions, our professional rights to shape university policy, research and teaching, and our monetary and other benefits. We continue to receive negotiated benefits during retirement. Our names show our active support of the WMU-AAUP today.

Democracy cannot exist unless workers have the right to organize.
Sponsored by WARF (Western's Association of Retired Faculty)
